Narrative

Introduction

The operations and activities conducted by the Miami-Dade County Department of Solid Waste Management ("DSWM" or the "Department") are directed primarily by the provisions of Chapter 15 of the Code of Miami-Dade County (the "Code").

Residential Waste Collection Service

In accordance with the provisions of Sections 15-2 (Solid Waste collections services, container usage, condition, and location) and 15-13 (County collection of solid waste) of the Code, DSWM is authorized to provide waste collections services "to all areas of the County where solid waste collection service is provided" and furthermore that "All residential waste collection within said areas shall, *at the discretion of the Director*, be serviced *only* by the Department". Additionally, the "Director shall have the power to establish the type of solid waste collection service to be rendered to all areas where County solid waste collection service is provided, and to promulgate rules and regulations not inconsistent herewith". Section 15-24 of the Code directs the Department to charge and collect fees for the provision of these waste collection services to residential, multi-family residential and commercial units.

Accordingly, DSWM provides and collects fees for waste collection and recycling services to single-family, duplex, triplex and quad living units in unincorporated Miami-Dade County and the cities of Aventura, Cutler Bay, Doral, Miami Gardens, Miami Lakes, Opa-locka, Palmetto Bay, Pinecrest, Sweetwater and Sunny Isles Beach. In addition, curbside recycling services are also provided to those cities that have inter-local agreements with Miami-Dade County, including El Portal, Florida City, Medley, Miami Beach, Miami Springs, North Bay Village, South Miami, Virginia Gardens and West Miami.

Other Waste Collection Services

In addition to the services provided to residential units as outlined in the previous paragraph and per the provisions of Section 15-14 (Special collections, fees, extra charges) of the Code, the Department is authorized to perform any special collections or waste services not directly addressed in the Chapter "pursuant to such conditions as may be specified by the Director" and is further authorized to charge and collect fees as approved by the Board of County Commissioners (the "Board"). For example, Section 15-2. (Solid waste collection services, container usage, condition and location) of the Code, requires commercial business and multi-family properties to maintain waste collection service, but offers them the choice of either "the proper governmental agency able to provide such services or that of a licensed solid waste hauler authorized to perform such services." Accordingly, the Department offers these services to these establishments. Also, per Section 15-14 of the Code, other waste services specifically include the service of removal of any illegally dumped materials and the Department is directed to "charge and collect fees for such services" as provided for by the implementing order.

Section 15-12 (Emergency powers of the Director) of the Code, also provides DSWM with "the authority to suspend, modify or expand services provided by the Department in such emergency circumstances as national disasters, civil disorders or other circumstances" and to collect fees accordingly. Through this authorization, and in accordance with the needs of the community, the Department plays a major role in storm debris clean-up following a significant event.

Permitting

In accordance with Section 15-17 of the Code, DSWM is directed to manage the permitting of General Haulers, Landscaping Businesses, Waste Tire Generators Waste Tire Transporters and Small Haulers. The Department is directed to administer the application process, and charge and collect fees accordingly inclusive of application fees (Section 15-17-1), vehicle registration fees (Section 15-17.4) and annual permit renewal fees (Section 15-17.6).

Code Enforcement Activities

As part of its responsibilities, DSWM may prosecute violations of Chapter 15 (Solid Waste Management) of the Code. Violations of this chapter may be prosecuted pursuant to Chapter 8CC (Code Enforcement) of the Code. In addition to the provisions in Section 15-5 of the Code, DSWM may institute civil action in a court of competent jurisdiction to recover damages, civil penalties, and enforce compliance with terms of Chapter 15, as per Section 15-32 (Enforcement and penalties for violations of Chapter 15) of the Code. This includes enforcement provisions of Sections 15-2, 15-2.1, 15-2.2, 15-2.3, 15-2.6, 15-5, 15-5.2, 15-6, 15-7, 15-8, 15-17, and 15-25 of the Code. For additional information regarding Code Enforcement, please refer to Miami-Dade County IO No. 2-5 on Code Enforcement.

Waste Disposal Services

Miami-Dade County owns and operates two (2) Landfills and three (3) Regional Transfer Stations for waste disposal. Per the provisions of Section 15-25 of the Code, the Department is directed to charge and collect fees for use of these facilities as approved by the Board.

Additionally, per Section 15-25.2 (Disposal Facility Fee payable to the County) of the Code, private haulers operating in the Disposal Facility Fee area of the County are directed to make a monthly remittance to DSWM in an amount equivalent to fifteen percent (15%), less the 2.5% administrative credit plus any applicable late fees, of the prior month's receipts for collection and disposal services provided in Miami-Dade County, excluding any related to recyclable materials, Construction and Demolition (C&D) debris or compactor leasing.

Also, per Section 15-25 of the Code, the only exemption to the requirement for full fee collection for disposal services is a fifty percent (50%) discount (not applicable for transfer station fees_ offered to charitable organizations which accept household discards for reuse, reconditioning or repurposing_.

Under Section 24-34 of the Code, the County collects the Utility Service Fee (USF), which is assessed Countywide on water and wastewater bills. DSWM currently receives two percent (2%) of USF revenues. Receipts are used to cover the costs incurred by the County for water supply protection, planning and programming, including without limitation, municipal solid waste landfill closure, environmental remediation at landfill sites and land acquisition for purposes of water supply protection.
