Recommendation

It is recommended that the Art in Public Places Trust approve a Professional Artist Services Agreement in substantially the form attached with Breezy LLC (lead artist Kelly Breez) in the fixed fee amount of \$37,500.00 for Phase I - Design Services for the Civil and Probate Courthouse artwork project.

Background

A meeting of the Professional Advisory Committee (PAC) was held on January 25 - 27, 2022 to review design proposals from a group of seventeen (17) artists shortlisted from a national Call to Artists for a combined series of public art opportunities for the Civil and Probate Courthouse, located in Downtown Miami on NW 1st Ave between Flagler St and NW 1st Street. This public/private development will serve the Civil and Probate Divisions of the Eleventh Judicial Circuit of Florida, the Clerk of Courts and other related court partners including administrative services, court-related programs, court support functions, and facility management services. A very special project with great community significance, the new courthouse will functionally replace the existing iconic Miami-Dade County Courthouse which has been in service since the 1920s. The project includes twenty-four (24) floors, forty-six (46) finished jury courtrooms and one (1) additional shell space for an additional four (4) jury courtrooms including fifty-nine (59) secure parking spaces. The courthouse is designed to be a significant landmark.

Opportunities for public art included, but were not limited to, large-scale site-specific artworks for the main lobby including durable wall applications and suspended sculpture, terrazzo flooring in targeted areas such as security screening, main elevator lobby, 4th floor café, ceremonial courtroom, jury pool holding room, and site-specific artworks for a designated feature wall at each of the 12 typical waiting rooms and the ceremonial courtroom. Exterior opportunities included exterior screening system and applied artworks to enhance the FPL utility area and ADA access ramp. In addition to the funding for commissioned work, funds were set aside for acquisition of two-dimensional original works of art for installation within conference room, department lobbies,

and public corridors with the intent to create a unique Miami-Dade County Civil and Probate Courthouse Artbank Collection.

After careful deliberation and input from the client teams, APP Trust members, and APP staff, the PAC unanimously recommended the commissioning of Miami-based artist Kelly Breez to pursue an integrated exterior concept of powder-coated metal fencing, railing, and applications for the ADA access ramp and FPL utility fence area. The artist's preliminary concepts for these components are intended to create an exciting artistic intervention in an unexpected location welcoming visitors and public passers-by with her signature cartoony imagery containing references to various aspects of everyday Floridian life, such as fishing on a pier alongside seagulls, dancing the night away, putting in a hard day's work, and enjoying gardening outdoors among the region's unique flora and fauna. The artist's budget will only supplement the base building's contract for these metal elements.

Of the total \$3.2 million dedicated for commissioning of public art at this new facility, APP staff recommends a total budget allocation of \$150,000.00 for this artwork commision and the approval of Trust Resolution No. APPT 23-11 authorizing a Professional Artist Services Agreement in substantially the form attached with Breezy LLC (lead artist Kelly Breez) in the initial amount of \$37,500.00 for Phase I - Design development for the Civil and Probate Courthouse artwork project.
