The average waste disposed of on a per-household basis was determined to be 2.62 tons.

Notes:

(1) Since Fiscal Year 2018, these costs were transferred to the Disposal Fund. The Department has determined that these costs relate to the Trash & Recycling Centers (TRCs), regardless of the fund where the costs reside. Therefore, these costs have been allocated to the household unit cost in this presentation.

(2) This presentation reflects all Bulky Waste Enforcement and Illegal Dumping Enforcement costs residing in the Collection Fund.
