Subject: Appoint Staff to Monitor Compliance with the Norwegian Cruise Lines, Ltd (NCL)
First Amendment – Directive No. 211759

The following information is provided in response to Resolution No. R-726-21 sponsored by Commissioner Rebeca Sosa and adopted by the Board of County Commissioners on July 20, 2021. The resolution directed the County Mayor or designee to appoint staff to monitor compliance with the Amendment No. 1 to the Third Amended and Restated Cruise Terminal Agreement with NCL (Bahamas), Ltd., (NCLB) (First Amendment).

The First Amendment provided for modifications to the parties’ existing agreement related to construction of the New Cruise Terminal B Project, to account for changes between contract cost allocations, to allow the contract to be financially satisfied and closed out, and to incorporate changes necessitated by COVID-19 resulting in the contract time being extended to reach completion.

Cruise Terminal B is now complete and welcomed its first revenue cruise on August 15, 2021. Payments have been made to NCL in compliance with the executed agreement and staff is working to finalize the project closeout as approved by the Board. A final payment to NCLB in the amount of \$743,651.00 will be made upon NCLB completing the administrative requirements of the First Amendment. The Miami Dade County Office of Inspector General’s Office continues to provide oversight and input.

The Seaport Department staff members responsible for monitoring Amendment No. 1 are Andrew Hecker, Managing Port Director, CFO and Elizabeth Ogden, Assistant Port Director, Capital Development.

Per ordinance No. 14-65, this report shall be placed on the next available Board meeting agenda.

From: Daniella Levine Cava 
Mayor

Subject: Resolution Approving Amendment No. 1 to the Third Amended and Restated Cruise Terminal Agreement Between Miami-Dade County and NCL (Bahamas) Ltd., Related to Final Completion and Close Out of Cruise Terminal B Construction.

Recommendation

It is recommended that the Board of County Commissioners (Board) adopt the accompanying resolution approving Amendment No. 1 to the Third Amended and Restated Cruise Terminal Agreement between Miami-Dade County (County) and NCL (Bahamas), Ltd., (NCLB) (First Amendment) to provide for modifications to the parties’ existing agreement related to construction of the New Cruise Terminal B Project (Project), to account for changes between contract cost allocations, to allow the contract to be financially satisfied and closed out, and to incorporate changes necessitated by COVID-19 resulting in the contract time being extended to reach completion.

Scope

PortMiami is located within District 5, which is represented by Commissioner Eileen Higgins. The impact of this agenda item is countywide, as the Port is a regional asset and generates employment for residents throughout Miami-Dade County.

Background

On September 19, 2019, the Board adopted Resolution No. R-988-19, authorizing the Third Amended and Restated Cruise Terminal Agreement and a Development Rider thereto (collectively, Third Amended Agreement) for the design and construction of New Cruise Terminal B for NCLB. The Maximum Authorized Amount for the project was increased from \$215 million to a not to exceed amount of \$239 million, included anticipated costs for basic construction scope, costs and fees of an Independent Building Expert (IBE) in an amount not to exceed \$250,000, approximately \$2.6 million for Art in Public Places, and a \$31.3 million contingency to address certain costs not covered by the Construction Manager at Risk. NCLB also agreed to extend the term of the agreement to 30 years (an additional five years) increasing NCLB’s total revenue obligations to the County by \$326 million.

Under the terms of the Third Amended Agreement, the County agreed to fund the first \$100 million of project costs, and NCLB the remaining \$139 million. The terms also provided for the County to advance the additional project costs over \$100 million, up to an additional \$139 million, including contingency, to be reimbursed by NCLB over 25 years, via a capital recovery surcharge inclusive of 6.5% for interest, costs, and fees.

The Third Amended Agreement also changed the substantial completion date for Terminal B from February 10, 2020 to no later than May 29, 2020 in anticipation of berth and terminal requirements to service NCLB vessel calls. In order to achieve this substantial completion date, it was anticipated acceleration costs could be required. If these acceleration costs had

fully materialized, they would have been funded, with certain exceptions, from the Project’s contingency account.

Prior to achieving substantial completion, the Project encountered delays that NCLB, as the Project developer and manager, determined were both excusable and compensable. These delays included, among others, COVID-19 impacts (such as spacing and social distancing requirements that reduced productivity and required the use of additional equipment). NCLB treated the construction manager’s COVID-19 related delay, and the cost of COVID-19 related equipment and supplies, as compensable force majeure events, which under the Third Amended Agreement are not compensable from the Project’s contingency account and are to be paid by NCLB from its own funds. This recommended First Amendment, if approved, would authorize NCLB’s excusable delays, including COVID-19 impacts, as compensable contingency expenses at a cost of approximately \$2.4 million to be funded from the Project’s available contingency funds, without increasing the \$239 million Maximum Authorized Amount previously approved by the Board.

This First Amendment supports NCLB’s request to descope some remaining items and re-sequence their completion. Among these modified scope items are, installation of trolley rails, and demolition of water stations. The First Amendment also allows for the deletion of a window washing scaffold track system that was to be affixed to the “large pearl” portion of Cruise Terminal B. As a result of the window washing deduction, NCLB shall (i) assume all responsibility and cost for washing the exterior windows of the large pearl through the initial term and extended term, eliminating the County’s obligation to wash the windows and (ii) provide for a Project credit in the amount of \$252,174 for the uninstalled window washing system to be removed, which County credit may be used, in the County’s discretion, for any purpose for which Project contingency funds may be used. Additionally, the Project also has \$132,519.55 of unspent Independent Building Expert (IBE) budgeted funds. This First Amendment shall authorize the unspent IBE budgeted funds to also be credited towards the contingency account, which the County may use in its discretion for any purpose for which Project contingency funds are currently authorized for in the Third Amended Agreement.

NCLB may request additional scope to be removed from the construction management contract. Notwithstanding, NCLB shall be responsible to complete all elements of the Project and permitted to retain qualified subcontractors to perform such unfinished work outside of this contract at NCLB’s cost.

As a result of COVID-19 and the Centers for Disease Control and Prevention’s No Sail Order, all cruise activity was suspended on March 14, 2020. In order to mitigate some of the effects of the suspension of passenger cruise service related to COVID-19, the Board adopted Resolution No. 1116-20, authorizing the execution of a COVID-19 Rider between the County and NCLB. Upon execution of this final close out Amendment, and the COVID-19 Rider, the commencement of NCLB’s repayment obligations to the County (as indicated in Amended Exhibit E) will be extended from May 29, 2020 to the earlier of (i) the date the first NCLB Vessel (with paying passengers) is berthed at or serviced from New Terminal B (anticipated for mid-August 2021), (ii) December 31, 2022, or (iii) if applicable, the date NCLB terminates the COVID-19 Recovery Period under the terms the COVID-19 Recovery Rider.

As consideration for this deferred reimbursement obligation commencement date, NCLB has agreed to both extend the term of the Third Amended Agreement by approximately

three additional years and also extend the duration (end date) of its repayment obligation period to the County, by a similar duration.

NCLB intends to commence passenger sailings in mid-August 2021. Due to COVID-19 delays and other circumstances mentioned above, this First Amendment extends the current Substantial Completion Date to August 3, 2020, the date on which the temporary certificate of occupancy was issued for the new terminal and its associated parking garage, and requires that Final Completion occur not later than September 10, 2021.

Similar to prior approval by the Board for the time extension in the Third Amendment, this recommended Amendment would authorize the Port Director to approve NCLB’s recommended Change Order No. 86 in an amount not to exceed \$1,426,483 for compensable delays, including changes in Project scope arising from U.S. Customs and Border Protection comments and requirements, and NCLB directed resequencing of work. While change orders associated with delayed subcontractor work included mark-ups for Contractor overhead directly associated with the work, the volume and complexity of remaining work, and resequencing of work, required the Contractor to maintain staff, construction trailer, etc. on site to manage the effort. This change order authorizes payment of the construction manager’s demonstrated direct costs for these delays, less a partial credit for prior construction manager markup charged on associated subcontractor delay claims. Such change order must first be approved by NCLB and shall be subject to certain conditions as the Port Director may impose, including ensuring the payment of all Small Business Enterprise Program requirements and subcontractor claims be met.

Toward this end, it is recommended that the Board approve this final close out amendment which maintains the Project’s previously authorized Maximum Authorized Amount at \$239 million, maintains the authorized amount for Project Contingency at \$31.3 million while authorizing the use of certain above-described County credits for contingency fund purposes, allows the County to fund time extensions, contractor mark-ups on change orders and COVID-19 expenditures up to the current authorized amounts, and descope certain non-critical remaining items.

It is important to note that the Miami-Dade County Office of the Inspector General has participated in working sessions with NCLB and provided both oversight and input throughout the negotiation of this First Amendment.

Fiscal Impact/Funding Source

The current Cruise Terminal Agreement between the County and NCLB for the Cruise Terminal B Project has a Maximum Authorized Amount of \$239 million, which remains the same. This amendment seeks approval to allow the County to pay for some costs not originally contemplated in the current Agreement while maintaining the \$239 million Authorized Maximum Amount. Funds have been adjusted within certain project accounts in order to maximize the use of those funds for completion of the project, however the proposed amendment maintains the Maximum Authorized Amount of \$239 million. While these additional Project costs will be paid from already budgeted contingency funds (or from credits described above that may be used for contingency purposes), these initially-advanced County funds will be recouped from NCLB over time, with interest and other fees and costs, through NCLB’s Reimbursement obligations to the County. In the event Project costs exceed \$239 million, NCLB is still obligated to advance and pay any and all Project costs in excess of \$239 million from NCLB funds.

Though the Maximum Authorized Amount remains consistent with the prior amendment, the operational costs associated with window washing that were previously the responsibility of the County and will now be borne by NCLB. These costs are estimated to save the Port over \$150,000 annually (\$4,800,000 over the term of the Agreement) in operational costs. The additional revenue to the County connected to the extended term of the Agreement and Reimbursement Obligation period is approximately \$105 million over the term of the Agreement.

County advanced funds shall be allocated from the Port's Fiscal Year 2021 and 2022 capital budgets, using available proceeds from the Port's commercial paper program, capital reserves, bond proceeds, grants and/or tenant reimbursements.

Track Record/Monitor

The Seaport Department staff members responsible for monitoring the Agreement are Hydi Webb, Deputy Director; Andy Hecker, Managing Port Director, CFO; and Elizabeth Ogden, Assistant Port Director, Capital Development.

Delegated Authority

This item authorizes the County Mayor or County Mayor's designee to execute Amendment No. 1 to the Third Amended and Restated Agreement on behalf of Miami-Dade County and to exercise, approve, or deny (as applicable) any cancellation rights, termination rights, and/or other County rights conferred in the Third Amended Agreement as amended by the herein authorized First Amendment. Such delegation includes, among other things, authorizing the Port Director to (1) approve County payment of certain NCLB-approved changes to the work at overhead and profit markup rates in excess of 15% in aggregate (provided such markup increases do not have a financial impact above \$1.7 million), (2) approve NCLB requests to descope from its construction management contract certain unfinished Project elements and to allow NCLB to retain qualified subcontractors to perform such unfinished work, and (3) approve NCLB-recommended construction Change Order No. 86 in an amount not to exceed \$1,426,483, subject to conditions as the Port Director may in his discretion elect to impose including, without limitation, ensuring the payment of any SBE and subcontractor claims. Notwithstanding the above, the Project shall continue to maintain the Maximum Authorized Amount of \$239 million, as previously approved by the Board.

In connection herewith, NCLB affirms it remains solely responsible to pay all Excess Costs as and when due from NCLB Funds without any right to County reimbursement.

8. **Authorized Use of Unspent Independent Building Expert Budgeted Funds.** Notwithstanding the County’s Contingency Account aggregate deposit cap set forth in Section 4(f) of the Third Amended and Restated Agreement, the Parties may treat the \$132,519.55 in unspent Independent Building Expert (“IBE”) budgeted funds as additional Contingency Account funds. 9. **Authority to Approve Construction Change Order 86 Following Written Approval Thereof by NCLB.** Notwithstanding any potentially applicable limits set forth in Development Rider Subsections 24(c) or 24(u), or in Development Rider Exhibit C-10 (Construction Manager fees), the Port Director or his designee are authorized to approve Construction Change Order No. 86 (seeking additional compensation in the amount of \$1,426,483 for alleged compensable delays) once such change order is first approved in writing by NCLB and recommended by the Port Engineer, and subject to any additional conditions as may be imposed by the Port Director in his discretion.
