Subject: Additional Update to Miami-Dade County COVID-19 Testing and Vaccination Programs

Since announcing earlier this week that COVID-19 services will change, I am now pleased to announce that our community sites throughout the County will continue providing COVID-19 testing and vaccination services, uninterrupted, to anyone living in the U.S., regardless of healthcare coverage. Thanks to our continuous partnership with Nomi Health, services we had anticipated to come at a cost to those without healthcare coverage, as a result of funding reduction from FEMA, will now continue and be available to all living in the U.S.
